# Basic Safety Tips

## What can I do?

### Traveling

While out walking, try to do so in groups and in well-lit areas. Try to stay on main streets with other pedestrians around you.

### When walking

If someone attempts to snatch your pocketbook, let go of it. It can be replaced.

### Transportation

When you are driven home, ask the driver to wait until you are safely inside your residence.

### Do what you can to be seen

Affix reflective tape to walkers and motorized scooters. Doing so will increase your visibility to drivers as you use crosswalks.

### **Shopping**

If someone bumps into you while shopping or walking in a crowd, be aware that this action might be related to a pickpocket.

### **Medical information**

Always carry identification and have a list of your medications with doctor's contact information with you at all times. Also carry a list of medications and food that you are allergic to.

### **Keys in hand**

Have your keys in hand as you approach your home. This will allow you to unlock the door without delay.

### **Report it**

Immediately report a theft or any suspicious activity to the NYPD by calling 911.

# Deception Burglaries

## The Scam

Criminals often target seniors. These impersonators use false covers such as roofers, plumbers or electrical contractors. A common ploy being used is: "A pipe broke down the block and we have to check the water." Once inside, they distract a victim while stealing their valuables.

## What can I do?

### Safety

If uninvited contractors knock on your door to discuss repairs on your residence, do not invite them in.

### Keep doors locked

If a contractor unexpectedly knocks on your door, DO NOT let them in. Tell them that you are expecting a family member or neighbor to be stopping by very soon. Call a neighbor or 911 if you feel uncertain.

### **Request I.D.**

If a utility worker needs to gain access to your residence to read the meter, request to see his/her photo identification through the peephole.

### **Contact**

Contact the company to verify employee's legitimacy (company numbers are provided below). You may want to keep a list of utility company phone numbers in a convenient location.

NATIONAL GRID (KEYSPAN):	800-930-5003
DEP/WATER:	311
PSEG:	800-490-0025

### **Report it**

Immediately report a theft or any suspicious activity to the NYPD by calling 911.

# **Mail Theft**

## **What can I do?**

**If you use a mailbox to mail out bill payments, please:**

- Try to deposit outgoing mail in the mailbox as close to scheduled pick-up time as possible.
- Do not deposit mail on holidays or weekends.
- If possible, try and give outgoing mail directly to the mail carrier and avoid using a corner mailbox.
- Use a pen with pigmented (permanent) ink to write checks out. This ink prevents the altering of your checks.
- Frequently check your account balance to ensure your checks were cleared by the establishment that you wrote them out to.

# Bank Visit

**SCAM**  
**ALERT**

**This scam targets you when you visit your local bank.**

A group of individuals approach you and inform you that they just found a bag of money and wish to share it with you. The scammers then ask you to go to the bank and withdraw a large amount of money as collateral for the found money. Once you do that, they disappear and leave you with a bag of counterfeit money, and a depleted bank account.

## **WHAT SHOULD YOU DO?**

If you encounter a scam like this, once inside the bank, inform the teller, security guard or bank manager that you are being scammed and ask them to call 911.

If you believe you are being followed to or from the bank, proceed immediately to a safe space (such as a store or office) and call 911.

# **ID Theft**

## **How to protect your Identity**

If you are not applying for a mortgage, credit card or auto loan in the near future, you or a family member can place a temporary freeze on your credit. Do this by calling, writing or visiting the websites listed on the following page. If your financial situation changes, the freeze can be lifted at any time. Doing this prevents thieves from stealing your identity. This service is free of charge.
